Item 11 – jetBlue Airlines

4 airline tickets anywhere jetBlue flies

In the air and on the ground, jetBlue is committed to bettering the lives of our customers, crewmember and communities — and inspiring others to do the same. jetBlue set out in 2000 to bring humanity back to the skies, when they noticed a lack of compassion, a missing human touch, in the air travel experience. It’s what they are still doing today; only they have taken our promise below our wings and beyond our airports, bringing the customer service in the sky to charitable services on the ground. At JetBlue, we’re not just committed to air travel. We recognize our responsibility to the world — to better the lives of our customers, our crewmembers and the communities we serve, and to inspire others to do the same. This commitment to inspiring humanity is how we do business every day.
